

EPM Solution Architect

Bluefin, the Mindtree SAP practice, is looking to appoint a Solution Architect, to join our Enterprise Performance Management Centre of Excellence.

Duties and responsibilities

- Engaging with existing and prospective customers in an advisory capacity, helping to shape their EPM strategy, both from a technical and business process point of view.
- Providing pre-sales support during EPM sales cycles – understanding customers’ needs and positioning a compelling Mindtree proposition
- Contributing to creating and taking to market Bluefin’s EPM value propositions, through multiple channels such as external thought leadership, marketing, and maintaining partner relationships
- Mentoring and developing more junior members of the team
- Working with the EPM COE Lead as part of their COE leadership team – helping to set and execute the COE strategy
- Provide technical consultancy for new initiatives, to assist in the definition of business requirements or technical strategies
- Own end to end technical and application architecture for allocated projects, identifying and engaging all technical component teams that need to contribute.
- Analyse project scoping statement, project requirements to help define a complete end to end solution, utilising capabilities available across Mindtree
- Identify and develop innovative solutions that will enhance the client experience
- Present complex technical ideas (both written and verbal), anticipate potential objections and persuade others to adopt the most appropriate view
- Maintain ownership of the design throughout the project life cycle, ensuring continued alignment to end-to-end designs, reviewing and approving component designs driven from the wider end to end design.

Reports into:

Head of EPM CoE.

Location:

UK based with travel.

Skills and experience

Mandatory skills

- Strong track record in consulting, ideally from a respected consulting firm (e.g. Big 4)
- Domain excellence within EPM, covering financial and operational budgeting/ forecasting, statutory and management close/ consolidation/ reporting/ disclosure
- Strong technical experience in at least one of the SAP EPM tools (e.g. BPC, IP, BPS, PCM, BusinessObjects Cloud, BFC, and Disclosure Management). Evidence of having taken leading roles on multiple large implementations project
